DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 01 February 2005 was filed with a Request for Continued Examination (RCE). Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

2. Claims 22-55 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claims 22-55 were previously determined to be allowable over the prior art, specifically the prior art did not teach the limitation "completing service requests at the first computer pending at the time the first computer was requested to shut down". The applicant filed an IDS with an RCE. The examiner has considered the prior art cited in the IDS and though the art is closely related to claimed invention, the examiner feels that this new prior art does not teach or suggest the limitation "completing service requests at the first computer pending at the time the first computer was requested to shut down".

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
